

OPENING First I want to hear what brought you in. Then we'll try some things together, and at the end I will tell you what I think makes sense from here.

DISCOVER

What brought you in?

What is that making harder for you day to day?

What would you like to be able to do that you can't do comfortably right now?

What have you tried so far? What helped, even briefly?

If unclear Can you tell me more about that? Can you give me an example?

What else? Other than [first issue], what else is going on? Anything else?

CONCERN

PROTOCOL

WHAT THEY WANT BACK

1

2

3

Protocols: Suspension Squat · Hand Balancer · Power Posture · Vertical Drop · Passive Bridge
Active Bridge · Spinal Wave · Spring Step · Elbow Reset · Jaw Align

Confirm So we've got [concern 1], [concern 2], and [concern 3]. Did I get that right?

WHAT THEY NOTICED

OFFER *Recap their concerns and what they noticed.*

Based on everything you told me, I think we can help. You good to walk through it?

Each row For your [concern], we'll start with [protocol] to help you [what they want back].
Do you think that would help?

Stack So we've got [protocol 1] for [want 1], [protocol 2] for [want 2], and [protocol 3] for [want 3].
You think that would solve the problem?

Recommend My recommendation is the [six- / twelve-week] Amari Practice because [reason].

12-Week Amari Practice	24 guided sessions + Living Practice	\$5,400
-------------------------------	--------------------------------------	----------------

6-Week Amari Practice	12 guided sessions + Living Practice	\$3,000
------------------------------	--------------------------------------	----------------

Ask The [program] is [price]. Would you like to get started?
