

AMARI METHOD • SAN FRANCISCO

The Elbow Pain Study

We're looking for weightlifters with chronic elbow pain that flares when you grip.

SOUND LIKE YOU?

- Aching on the inside or outside of your elbow
- Grip weakens on rows, presses, or pulls
- Forearm burns when you squeeze the bar
- 2+ weeks — not an acute injury

Pain is measured before and after each session — that's how we track results.

Free • 3 sessions • 15 min each • no obligation after the first
